"I'll correct it when your publication corrects itself and admits that Clinton is a warmongering, continent destroying, ISIS-arming, migrant crisis starting, Saudi Arabia money taking, fake feminist, child molester defending, corrupt as fuck, Wall Street owned, career politician cunt," said Watson.

"Compared to that, a mistaken tweet about a hoax story pales."

He then screenshotted the exchange, and posted it on his Twitter account.

Wrong. The Treasury's prediction has already been proven incorrect.

> It also disproves the Treasury's referendum campaign claim that a vote to leave the EU would resu.t in 0.1pc fall m GDP in the third quarter that would herald the start of a recession. The Treasury's worst-case "severe shock" scenario was even more pessimistic, predicting a 1pc fall m the three-month period.

No, I won't waste my time talking to Clinton Foundation boot-lickers posing as "journalists".

The Daily Beast is owned by IAC. Who sits on the board of directors at IAC? None other than Chelsea Clinton.

To emphasize: Chelsea Clinton, the Vice Chair of the Clinton Foundation, is on the board of the company that owns the Daily Beast, a publication that functions as an attack dog for Hillary Clinton and constantly pushes narratives that are sympathetic to Hillary Clinton.

No conflict of interest there then.

Personally I don't think this is inclusive enough.

She created this mess

An email from Clinton aide Huma Abedin to Rob by Mook and Podesta from January 20 5 discussed Morocco donating o the Clinton Foundation's Clinton Global Initiative to get access to Clinton

Just to give you some context the condition upon which the Moroccans agreed to host the meeting was her participation says Abedin. If she was not part of the meeting was a non starter

Clinton had a hour at the meeting in 20 4, Abedin says the meeting was Clinton idea

Our office approached the Moroccans and was told they believe they are doing this at her request. Abedin continues The King has personally committed approx $12 million both for the endowment and to support the meeting

A politico report from April 20 5 reveals Clinton had been scheduled to attend a Clinton Global Initiative Middle ast and Africa Meeting in May but that a foundation official told Politico it was unlikely she would attend

Clinton's State Department accused Morocco of arbitrary arrests and corruption in 2011

'She created this mess and she knows Abedin adds

Trump's mic was rigged. 😂

Guys,

I was an audio engineer n the 80 s and handled microphones for both bands and talk shows The odd nasal no ses and breathing ticks that you hea on Trump s sound tracks and aud o a e because the eng neer handl ng his audio feed had the compression ratio turned a the way up on his mic and the react on t me delayed so that in pauses between speech, the mic ga n wou d be so h gh that t wou d pick up any noises and cadence ticks before the triggered miter/expander closed off the mic when the sound dropped below the set silence threshold

It was obviously done on purpose s nce it's a very s mple fix to not have that happen Hope that helps understand why Trump s m c and audio feed sounded that way

Official Communiqué

Ecuador granted po itica asylum to [illegible]an Assange in 2012 based on his legitimate fears of political persecution because of h s journalistic act vities as the ed tor of WikiLeaks.

In recent weeks, WikiLeaks has published a wealth of documents, impacting on the U S election campaign. This decision was taken exclusively by that organization.

The Government of Ecuador respects the pr nciple of non-intervention in the internal affairs of other states. t does not interfere n externa electoral processes, nor does it favor any particular candidate.

Accordingly, Ecuador has exercised ts sovereign right to temporarily restrict access to some of its private communications network within its Embassy in the United Kingdom. This temporary restriction does not prevent the WikiLeaks organization from carrying out its journalistic activities.

Ecuador n accordance with its tradition of defending human rights and protect ng the victims of politica persecution, reaffirms the asylum granted to Julian Assange and reiterates its intent on to safeguard h s life and physica integrity until he reaches a safe place.

Ecuador's foreign policy responds to sovereign decisions a one and does not yield to pressure from other states.

Clinton campaign manager Robby Mook accused of helping to cover up sexual assault allegations. wikileaks.org/podesta-emails . . #PodestaEmails11

I was recently contacted by a source who claims to have worked on the 2008 Hillary Clinton campaign and is alleging that Marlon Marshall made unwelcome sexual advances and propositions towards women on the campaign repeatedly. The allegation is that he would "corner women, make them uncomfortable and make suggestions about having sex."

The source encouraged me to contact women who worked under him in the Nevada office

I was wondering if you were able to describe your experience with Marshall and if any of this rings true, with you or anyone else you know who worked there.

The source also claims that Robby Mook was made aware of the issue, but declined to act on it or intervene because he is personal friends with Marshall. Do you know if there is any truth to this?

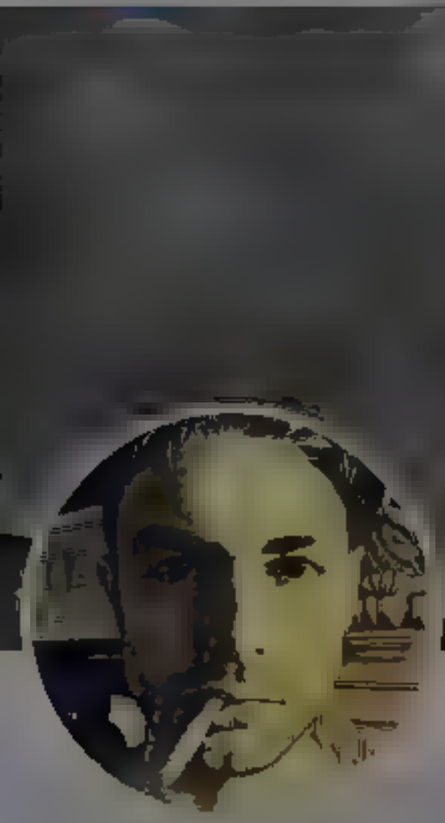
FBI Files on Hillary's Emails Reveal "Shadow Government" Was in Charge of Her Investigation - nfowars.com/fbi-files-on-h

closed door meeting attended by the FBI's [redacted] and IPS' [redacted] among others. In that meeting, KENNEDY asked [redacted] to change the FBI's 1(1) upgrade classification, but [redacted] did not change the FBI's stance. On May 22, it was decided by the IPS team they would keep the upgrade on the one FBI-related email and the IPS officials sent David KENDALL, Attorney, Williams & Connolly LLC, a letter informing him of the results.

There was a powerful group of very high ranking STATE officials that some referred to as "The 7th Floor Group" or "The Shadow Government." This group met every Wednesday afternoon to discuss the FOIA process, Congressional records, and everything CLINTON-related to FOIA/Congressional inquiries. The known regular attendees included Jonathan FANNIN, Chief of Staff for Secretary of State John KERRY; Jennifer STOLL, Deputy Chief of Staff; Heather HIGGINBOTTOM, Deputy Secretary of State for Management and Resources; KENNEDY; Julia FRIFIELD, Assistant Secretary, Legislative Affairs; [redacted] Office of the Legal Adviser; [redacted] Office of the Legal Adviser overseeing STATE [redacted] and [redacted].

Normally, with larger FOIA requests, such as with the CLINTON-related FOIA request, IPS would schedule a rolling release – that meant every few weeks or month, the properly reviewed and approved material would be made public. However, [redacted] and The 7th Floor Group argued the release should be done all at once in January 2016, for coordination purposes. While IPS officials did not have control of the release process of the 296 emails related to the House Select Committee on Benghazi's request, they did have control for the release process for the approximately 30,000 emails, or 52,455 pages responsive to the CLINTON FOIA request, and it was decided to be a rolling release.

On July 15, 2015, IPS on-boarded Intelligence Community Inspector General (ICIG) reviewers to help with the overwhelming review process. The ICIG reviewers were trained up and had been integrated into the FOIA review process to help ensure IPS can meet the mandated release of all non-exempt/non-redacted emails by the January 15, 2016 deadline. To date [redacted] was aware of approximately 305 referrals already sent out for classification determination.



[redacted] stated S/ES are the Custodian of Records for all Secretaries of State and Deputy Secretaries of State. As such, S/ES received all taskers from the IPS team related to FOIA requests that involve Secretaries of State or Deputy Secretaries of State. S/ES should also have answers regarding STATE's procedures that deal with information technology, including hardware and software for STATE employees, emails and telephones. Joseph MACMANUS, Executive Secretary and Ambassador, S/ES, and [redacted] S/ES or someone in the S/ES Information Resource Management (S/ES/IRM) unit should know specific details about CLINTON's at-home server set up. [redacted] stated STATE servers were located at the Enterprise Server Operations Center (ESOC) and Management IRM (M/IRM) would be knowledgeable about STATE [illegible]

3 1

Bill is a known sexual offender. Hillary intimates and harasses his victims.

> At least some of the veteran Clinton shooters feel a little nauseated this time around, after smearing so many women who were probably telling the truth as trashy bimbos. It is a tricky matter, going after another young woman who really, like, loved the President, putting mushy valentines to him in the Washington Post personal ads, sending presents by messenger, paying $250 to get into a fund-raiser so she could follow him around like a high school kid waiting outside her boyfriend's biology class.
>
> The Clintonites are worried that the public, having seen the tactic so often, starting with the private investigator hired by the '92 Clinton campaign to intimidate women from his past, might recoil

No presidential candidate has ever talked like this. Not even Goldwater.

This is why the establishment hates Trump.

> "For those who control the levers of power in Washington and for the global special interests, they partner with these people that don't have your good in mind. Our campaign represents a true existential threat, like they haven't seen before. This is not simply another four-year election. This is a crossroads in the history of our civilization that will determine whether or not we, the people, reclaim control over our government. "

Re: Demand for Retraction

Dear Mr. Baquet,

We represent Donald J. Trump. We write in response to the below article published October 2, 2016 by *The New York Times* entitled *Two Women Say Donald Trump Touched Them Inappropriately*.

Your article is reckless, defamatory and constitutes libel per se. It is apparent from, among other things, the timing of the article, that it is nothing more than a political smear-veiled effort to defeat Mr. Trump's candidacy. This is why you apparently performed an obviously inadequate investigation to test the veracity of these false and malicious allegations including with these two individuals waiting [redacted] in one case 11 years, and in another case, more than three decades, before deciding to come forward with these false and defamatory statements. Clearly *The New York Times* is willing to provide a platform to anyone wishing to smear Mr. Trump's name and reputation prior to the election irrespective of whether the alleged statements have any basis in fact.

We hereby demand that you immediately cease any further publication of this article removing it from your website and issue a full and immediate retraction and apology. Failure to do so will leave my client with no option but to pursue all available actions and remedies.

Sincerely,

Marc E. Kasowitz

A former Arkansas state employee said that during a presentation, then Governor Clinton walked behind her and rubbed his pelvis up against her repeatedly. LOL - @snopes claims the quote means something else by putting completely new words around it to create different context.

f t ese three sentences had appeared in a lette o essay as opposed to a quick e-mai hey would read ike this

And as ve mentioned Washington Republicans, ndependents, and Democrats have been quite content to sit quietly as pundits and candidates demean government and elected leaders, quite content to let the study of education fade from our schools, and too comfortable as our citizenry then becomes unaware and complacent. Unawareness remains rampant, but as the Sanders and Trump campaigns demonstrate, complacency is obviously fading rapidly. This problem demands some serious, serious think ng. "

No master of the universe" conspiracy just a ament that eaders and policy make s have not been sufficiently attentive to some of the basics that make our democracy great.

Rumor Has It

SNOPES.COM WRITER KIM LACAPRIA'S STATEMENTS ABOUT THE HILLARY CLINTON CHILD RAPE CASE ARE FACTUALLY UNTRUE.

WE EXPOSE HER POINT BY POINT

@KimLaCapria

LACAPRIA, 'DEBUNKING' THE RAPE CASE, WRITES THE FOLLOWING:

WHAT'S FALSE: Hillary Clinton did not volunteer to be the defendant's lawyer[1]; she did not laugh about the case's outcome[2]; she did not assert that the complainant made up the rape story[3]; she did not claim she knew the defendant to be guilty[4]; and she did not "free" the defendant[5].

BUT IT'S LACAPRIA WHO IS WRONG ON EVERY SINGLE POINT:*

1. *Hillary told Arkansas reporter Roy Reed she took the case as a favor to Springdale prosecutor Maloan Gibson who called her personally on the phone to ask. These statements are recorded and indisputable.*
2. *Hillary laughed multiple times about the case, including when she described negotiating a plea bargain for rapist Thomas Alfred Taylor — i.e. the outcome — by telling the court an expert witness from NYC was ready to testify the case was a "miscarriage of justice." These statements are recorded and indisputable.*
3. *Hillary accused 12-year-old Kathy Shelton of "seeking out older men" and "romanticizing" and "fantasizing" her violent rape. In a sworn affidavit she also accused the child victim of making previous false statements about her body which Shelton emphatically denies and court investigators say they have no memory of ever occurring.*
4. *Hillary told reporter Roy Reed that rapist Thomas Alfred Taylor passed a lie detector test which 'forever destroyed my faith in polygraphs" - a clear admission she knew he was guilty. This statement is recorded and indisputable.*
5. *Hillary not only got Taylor freed on time served, one of her very first actions upon taking the case was to get him freed on bail, putting a child rapist back on the street before his trial even took place. Again, this is indisputable.*

She laughed about knowing he fooled a polygraph test and had raped the child. Why are you lying? @zackstanton youtube.com/watch?v=qcqh0g .

Trump is wrong: Hillary Clinton did not laugh about the rape of a 12-year-old

By ZACK STANTON 10/09/16 09:25 PM EDT

"Her client she represented got him off and she is seen laughing on two occasions laughing at the girl who was raped." — Donald Trump

It is totally false to say that Hillary Clinton laughed about the rape of a 12-year-old. And it has been thoroughly debunked. In 1975, Hillary Rodham was a young attorney when a criminal court judge appointed her to defend an indigent man accused of raping a 12-year-old girl. In her memoir, *Living History*, Clinton wrote that she "really didn't feel comfortable taking on such a client, but [the prosecutor] reminded me that I couldn't very well refuse the judge's request."

New Wikileaks Emails: Clinton Campaign Insiders Fear Bill's Sex Life Could Sink Hillary - infowars.com/new-wik leaks- ..

Confidential

From brentsbi@webtv.net

To john podesta@gmail.com

Date 20[illegible]

Subject [illegible]nfident a

I had a multi email exchange with someone in the media this morning & name you would know who is telling me that there are people close to the Clintons who says Bill's sex life could be damaging to her. I responded that I totally disagree with that that Bill's presidency and his personal appeal are huge assets and that I cannot believe people who are the closest to the Clintons believe that their personal the media is hearing from anybody.

I never ask journalists about their sources. I know you would be among them.
I also know that for some times there were people purportedly close to the Clintons pushing the line that the less Bill the better. Which again I have always strongly disagreed with and still do.

My point in this note is that whoever is peddling this crap from somewhere within the Clinton camp is having the effect of encouraging the media to give the issue more prominence. They are playing right into Trump's hands by out of the blue staff stuff like this. Our team don't think we should be dragged to advise the people in their camp not to shut the hell up about this. Even if I thought Bill Clinton was a liability I would never in a million years ever say it to the media but I think he is a huge asset and is so much some of the people they pay do not perform a service to him.

I might still consider HIM sexy😛mmmm his accent💙. More recently, I may have made a point to recognize and comment on the size of Blake Shelton's feet, hes got some BIG feet! We all know what THAT means;). But on the plus side, I've never had anyone murdered or lied to

Clinton admits she is out of touch with the middle class. wik leaks.org/podesta-emai s ..

"CLINTON ADMITS SHE IS OUT OF TOUCH"

"Hillary Clinton: "I m kind Of Far Removed" From The Struggles Of The Middle Class 'Because The Life I've Lived And The Economic, You Know Fortunes That My Husband And I Now Enjoy." "And I am not taking a position on any policy, but I do think there is a growing sense of anxiety and even anger in the country over the feeling that the game is rigged. And I never had that feeling when I was growing up. Never. I mean, were there really rich people, of course there were. My father loved to complain about big business and big government, but we had a solid middle class upbringing. We had good public schools. We had accessible health care. We had our little, you know, one family house that, you know, he saved up his money, didn't believe in mortgages. So I lived that. And now, obviously, I m kind of far removed because the life I've lived and the economic, you know, fortunes that my husband and I now enjoy, but I haven t forgotten it." I also know that the gruesome accounts of murders committed by ISIS are shocking to a U S audience in part because the far greater number of people killed by the U S. -backed one in the Middle East South East Asia Central and South America have never been presented in an honest way to the American people Most of us have not heard the gruesome details or stories of the families that have lost loved ones as a result of U S military and CIA attacks

October 4 at 6:[illegible] pm

Dear parents, please teach your annoying little shits to be sensitive to others. Halloween should be fun for everyone and no one should be confronted with costumes that are comprised of microagressions and cultural appropriation. If your children trigger others by knocking on their door and dehumanizing them, expect legal action. Please share with your friends to make Halloween more tolerant. We encourage you to print this out and put it on your door as a warning. Happy Samhain! So mote it be!

Welcome to reality.

Mercedes Vega [illegible] editor
Dude in the video, you are as equally disgusting as Donald Trump. Regardless of Alicia Machado's prior scandals the bigger problem is the message that gaining weight made her less "beautiful". But of course it's pointless to state the obvious to a man who can't see passed his own thirst for shaming women. You're a coward, and douche bag.

We voted to repeal ALL EU laws not "enshrine" any of them. This is a backdoor betrayal. #Brexit

> **Theresa May will introduce a "Great Repeal Bill" in the next Queen's Speech that will scrap the legislation that took Britain into Europe 44 years ago.**
>
> Sky News understands that moves will be made to remove the European Communities Act from the statue book next year.
>
> EU law and regulations will also be enshrined in British law and subsequently removed or kept, depending on what the UK Parliament decides.
>
> This process could take years - meaning many EU laws could be in force long after the day Britain formally leaves the union.

"Social justice" is about tearing down absolutely everything and the end justifies the means.

> no argument in its favour In this way social justice concealed demand for the clean sweep' of history that revolutionaries have always attempted.
>
> The two goals of liberation and social justice are not obviously compatible, any more than were the liberty and equality advocated at the French Revolution If liberation involves the liberation of individual potential, how do we stop the ambitious, the energetic, the intelligent, the good looking and the strong from getting ahead, and what should we allow ourselves by way of constraining them? Best not to confront that impossible question Best to summon the old resentments rather than to examine what would follow from expressing them By declaring war on traditional hierarchies and institutions in the name of its two ideals, therefore the left is able to obscure the conflict between them Moreover, 'social justice' is a goal so overwhelmingly important, so unquestionably superior to the established interests that stand against it, as to purify every action done in its name

Trump said a mean thing about Kim Kardashian 3 years ago.

Hillary threatened Bill's rape victims.

But Trump is the evil misogynist.

> **Correction:** *An earlier version of this article incorrectly implied that Trump made his comments about Kardashian's weight this week, in the aftermath of the first presidential debate. In fact, he criticized her weight in 2013, when Kardashian was pregnant.*

Hillary helped launch ISIS & the migrant crisis, yet it's Trump on the defensive because he said Rosie O'Donnell was fat.

Let that sink in.

Rigged: CNN Poll Claiming Hillary Won the Debate Sampled 41% Democrats Compared to 26% Republicans - nfowars.com/rigged-cnn-po ...

CNN ORC POLL

Interviews with 521 registered voters who watched the presidential debate conducted by telephone (landline and cell) by ORC International on September 26, 2016. The margin of sampling error for results based on the total sample is plus or minus 4.5 percentage points.

Survey respondents were first interviewed as part of a random national sample conducted September 23-25, 2016. In those interviews, respondents indicated they planned to watch tonight's debate and were willing to be re-interviewed after the debate.

26% of the respondents who participated in tonight's survey identified themselves as Republicans, 41% identified themselves as Democrats, and 33% identified themselves as Independents.

Hillary's temper will crack if Trump goes for the jugular in the next debate.

Paul Joseph Watson

Trump is c early play ng the ong game in these debates

Hil ary won on points (with Lester s help) but Trump accomp ished ooking electable, which was apparently his pr mary aim - that's why he was comparatively reserved

But Hillary s a woman who teral y asks her minions to duck into s de rooms and not look her in the eye when she's hav ng one of her infamous temper tantrums.

She cannot stand being forcefully cha lenged - that's what Trump w ll do in the next debate

It's go ng to be ncredibly difficult for H lary to ma nta n her composure if Trump goes for the jugular

them for anything interesting. His facebook was already shut down by the time that I got to it, but I ended up stumbling upon two Tumblr accounts that are undeniably his.

My first concern was that maybe someone made these accounts post-shooting to troll, so here's proof that that isn't the case:

http //arch ve is/CXqjq

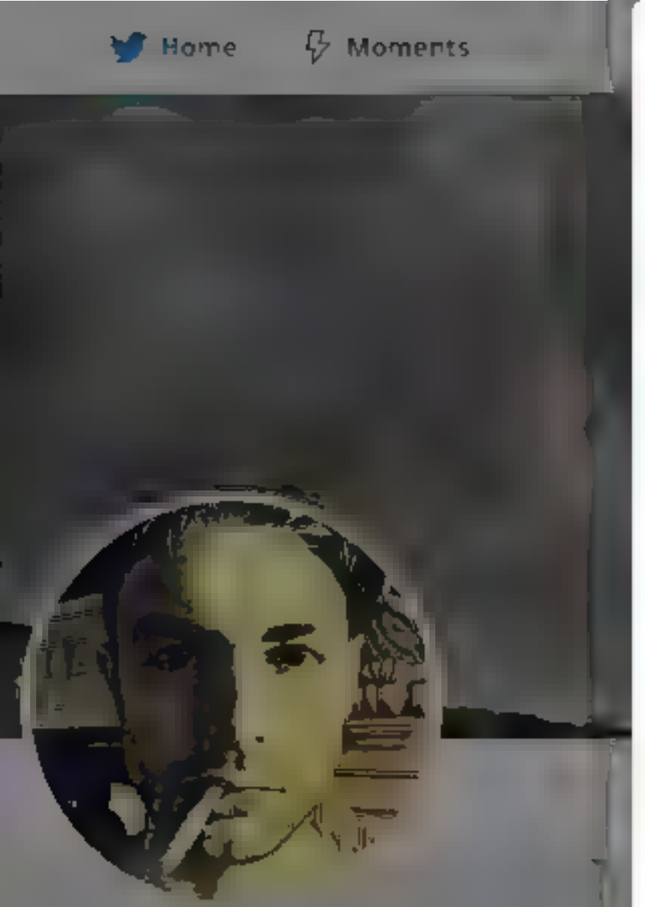
http://arch ve is/1Z z4

As you can see, the accounts are years old and were fairly regularly accessed years ago. Now, onto the accounts themselves.

Here are archives of his two Tumblr accounts.

http //arch ve is/EEIzu

http //arch ve is/09GWL



In the first one, our friend reblogs a picture of Ted Bundy 4 months ago. Further proof that this is his Tumblr is the fact that it's linked to his Twitter The third post on the first blog is about saying "Subhan Allah", which is "Glory to God", same as Allahu Akbar.

On the second Tumblr, he reblogs a photo of the "Supreme Leader of Iran". If you scroll down further, he reblogs a picture

Also power to the people. My people and all people of color. Fuck the police. 9.11 was orchestrated by America Pentagon was a cover up and People of color lives matter especially to us. Your people declared war when you stepped foot out of the Caucasus Mountains caves and stepped foot on Native American soil. Your people declared war when you enslaved and killed millions and eat your pompous dinner on our graves. We demand equality or give us war. Just know when you are sleeping peacefully at night. We are awake. Waiting. Watching.

Sounds like a nice guy.

This is the piece of shit that shot the mall up in Burlington Washington. A place me and my friends were supposed to be at the time of the shooting. I fucking went to high school with this perverted piece of shit. His name is Arcan Certin. He's fucking degenerate. He'd grab and slap my friends and I's asses and even caressed my friends chest, along with other women. Has been known to be violent towards girls too. This was a target against women. Rot in hell

None of this would ever have happened if they hadn't pursued the original guy for "marijuana in his vehicle". Who cares about a bit of weed?

> But the footage, from a police dashboard camera and one body camera, captures the confrontation Tuesday in which an officer repeatedly orders Scott to drop his gun.
>
> Scott drew the attention of officers who were trying to serve an arrest warrant on an unrelated suspect at the Village at College Downs apartment complex in University City because he had marijuana in his vehicle, Charlotte-Mecklenburg Police Chief Kerr Putney said Saturday
>
> Officers were going to continue on their original mission until an officer spotted a weapon in the vehicle, Putney said.
>
> "It was not lawful for him to possess a firearm," Putney said. "There was a crime he committed and the gun exacerbated the situation."

Manufacturing Test Explosives

Hi

You probably have all seen the news by now

the explosives detonated in New York City that was me Those were just some tests I know where I have made errors and I will not make the same mistake next time

I did it because I cannot stand society

I cannot live in a world where homosexuals like myself as well as the rest of the LGBTQ+ community are looked down upon by society

It is 2016 and we are still being viewed as mentally ill sinners attention seekers and just plain weirdos in general I am not going to stand by while inder classed and inderprivileged people are oppressed am not going to stand by while there is inequality in my country such as the racism being seen in white police officers all over the country I am not going to live in a country where it is OK to have a misogynist xenophobic racist Islamophobic republican candidate running for President of The nited States Thats implying that republicans in genera should even be taken seriously as they are all cisgendered privileged white people

This is not the end this is just the beginning will be remembered I will make a difference I will eliminate my ta gets before it is too late

Interesting comments from former U.S. diplomat James Jatras on why progressives in America hate Russia.

> "A lot of progressives really-really-really hate Russia. They look at it as at almost a failure that ruined this "great progressive experiment" called communism and they really resent it and hate it. So you actually find much more Russophobia in the US on the progressive side today," the former diplomat said.
>
> He also noted that progressives are antagonistic towards Russia because its leaders have not stopped the Church from playing a strong role in public life and the country is now very conservative
>
> "The Russians don't go along with a lot of the things here like same sex marriage, transgenderism and all the other silliness we see in America and Europe today," said George, adding that Russia is no longer a communist country

Lying is second nature to Hillary Clinton.

The Case against Hillary Clinton

SEEING THE NAME "Hillary" in a headline last week—a headline about a life that had involved real achievement—I felt a mouse stirring in the attic of my memory. Eventually, I was able to recall how the two Hillarys had once been mentionable in the same breath. On a first-lady goodwill tour of Asia in April 1995—the kind of banal trip that she now claims as part of her foreign-policy "experience"—Mrs. Clinton had been in Nepal and been briefly introduced to the late Sir Edmund Hilary, conqueror of Mount Everest. Ever ready to milk the moment, she announced that her mother had actually named her for this famous and intrepid explorer. The claim "worked" well enough to be repeated at other stops and even showed up in Bill Clinton's memoirs almost a decade later, as one more instance of the gutsy tradition that undergirds the junior senator from New York.

Sen. Clinton was born in 1947, and Sir Edmund Hillary and his partner Tenzing Norgay did not ascend Mount Everest until 1953, so the story was self-evidently untrue and eventually yielded to fact-checking. Indeed, a spokeswoman for Sen. Clinton named Jennifer

Gary Johnson supporters are gullible and stupid. youtube.com/watch?v=TW5gQo .

Paul Joseph Watson seconds ago

Libertar ans are ncredibly stupid and gullible to believe Gary Johnson's sudden "reversal" on TPP, vaccines & carbon taxes

Johnson reversed his position suddenly on a 3 issues due to one of two factors

1) Because he genuinely changed his position on a three issues

OR

2) He was just responding to the backlash, and n reality still thinks the same thing about the three issues.

Which one s more likely? The latter of course

But libertarians believed the mplausible explanat on because they are ncredibly naive and have invested themselves in Johnson's fraudulent campaign.

"Sometimes the provocateurs of the world happen to be right."

da lyaot com/upstream/youtu .

His videos flaunt their lack of political correctness with humor and their host's defiant tone both intended to make them more convincing to viewers who mistake shock value for truth-telling. This is best exemplified in "I Love My White Male Privilege," during which Watson sarcastically contrasts the notion of "white male privilege" with a series of "facts" on subjects ranging from the slave trade and colonialism to Islam, rape culture and men's rights issues. It's hard to look away during this screed whatever else you may say about it.

It's why Spencer Watson and Benjamin never tiptoe around the fact that they're slaying sacred cows. They revel in what they're doing because they know that's what their fans want to see. Sometimes the provocateurs of the world happen to be right, and sometimes they're dead wrong, but either way they're a perfect match for YouTube.

Conventional scandals don't weaken Hillary. This is why we need to focus on #HillarysHealth.

Six-Million Dollar Man (and Woman). They always rebuild faster, stronger, and a hell of a lot richer than ever."

The Clintons' battle-tested strategy was simple: wait out the first wave of attacks, then step forward and say there's nothing new.

"Republicans trying to turn the Benghazi attacks into a scandal that taints Hillary Clinton's chances at a 2016 presidential run must realize that scandals don't weaken Hillary Clinton," left-wing scourge Bill Maher sounded off on his cable TV show. "They only make her stronger. Travelgate, the Rose Law Firm, Whitewater, Vince Foster, Monica Lewinsky. . . Hillary eats scandals for breakfast."

But this time it appeared that the scandals might be consuming Hillary, rather than the other way around.

Will CNN & MSNBC continue to insist that concerns over #HillarysHealth are "conspiracy theories" now?

> 2012 fall that left her with a concussion, an admission that will surely stoke concerns about Clinton's health and physical fitness to serve in the job of president.
>
> Most surprisingly perhaps: Clinton said she "did not recall receiving any emails she thought should not be on an unclassified system." Clinton said she relied on employees' judgment in sending her emails.

Hillary's hands visibly shook. "She did not look healthy."

that she was too liberal, the socialist foil to her hawkish centrist agenda," noted the *New York Times*. "Economists at the Clinton administration referred to the first lady and her aides as 'the Bolsheviks.'"

Hillary's tutorials with the experts were usually held in Whitehaven's spacious dining room. She would show up looking tired and bedraggled and dressed in sweats or a muumuu. Visitors noticed that her hands visibly shook. She did not look healthy. Some came away from their encounter with Hillary wondering if she possessed the strength and vitality necessary for the demands of a nineteen-month-long political campaign.

She'd listen to the experts, ask questions, take notes, and then disappear through the French doors with a wave and a forced smile. No one could tell which of the advisers had scored a home-run with Hillary and which ones had struck out.

Fo ow

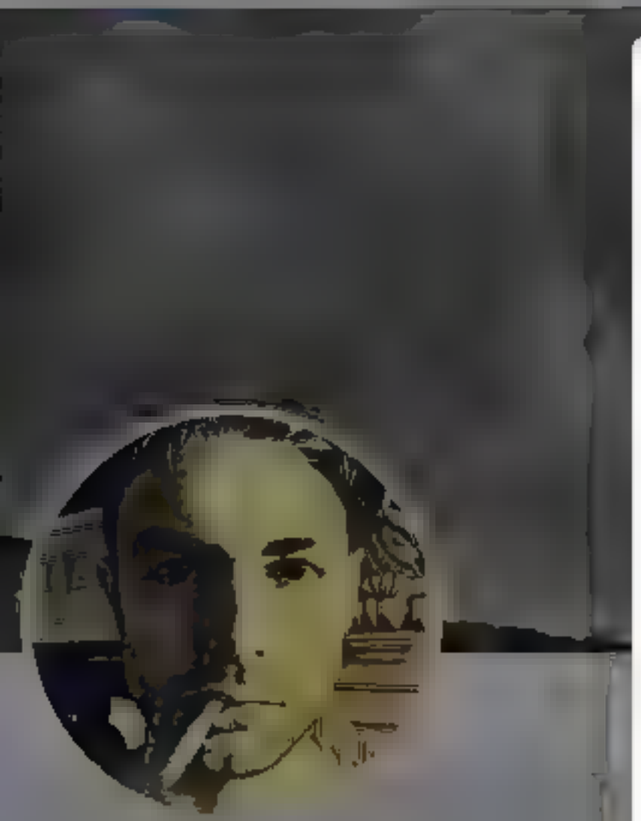
Milo: Hillary is responding to a phenomenon she helped create. breitbart.com/milo/2016/08/2 ... #AltRightMeans

progressive Left smears, name-calling and finger-wagging.

This is precisely what the alt right is responding to. They post offensive memes because they know it'll wind up boring grouchy grannies like Hillary. The speech codes and political correctness of the Left are what has given rise to this vibrant new movement, what has given rise to Donald Trump's extraordinary popularity, and what gives rise to me, and my fabulous headlines!



They were, by the way, Birth Control Makes Women Unattractive And Crazy (sorry no offense, but it's true!) and "Would You Rather Your Child Had Feminism Or Cancer?" (no prizes for guessing which readers chose). Little did I realise when I coined the #FeminismIsCancer hashtag that it would end up in the mouth of the Democratic nominee for President.

But there's something else that Clinton represents. While she obsesses over the ironic memes of dissident youths on the internet, there are Black Lives Matter activists calling for the deaths of white police officers, and there are teaching assistants in American universities hosting courses on "how to stop white males.

If there's genuine, noxious and damaging racism in the United States, it isn't coming from the alt-right, who are responding to it. Much of the alt-right's rhetoric is designed to illuminate the absurdity of identitarian politics and the blatant hypocrisy and cruelty of the progressive Left. It's working, and that's why the Left is so scared.

Hillary is using the same old failed leftist tactics of name-calling, vague allegations and guilt by association, but hoping for a different result this time. In other words, she is complaining about a phenomenon she helped to create, thinking she can beat it with the bad habits and lazy smears that fostered it in the first place. Good luck with

Facebook bans people for saying "faggot," but calling for jihad, bloodshed & the enslavement of women is fine.

Shaamikh Assaf-Bin Sheikh Al-Maktoum

used to be one of your loyal fans on YouTube though find what you say about Islam to be insulting. thus I will lay claim to your lands and within time you will be enslaved

The Quran specifically notes that "And when We wish to destroy a town We send Our commandment to the people of it who lead easy lives but they transgress therein thus the word proves true against it so We destroy it with utter destruction."

Jihad will never accept the western values of your imperialism We shall cleanse your lands with fire and steel Your waters shall flow with blood and your women shall serve us

You anonymously reported Shaamikh Assaf-Bin Sheikh Al-Maktoum's message.

Thanks for your feedback

Thanks for letting us know about this We looked over the message and though doesn't go against one of our specific community standards you did the right thing by letting us know about it No one should have to feel bullied o harassed on Facebook and we're sorry you had this experience

Clinton campaign cites fake doc to refute #HillarysHealth questions. We never cited this obvious forgery as proof!

Donald Trump s advocacy for the so-called 'birther' conspiracy theory eventually led President Obama to release h s birth certificate in 20 . And on Tuesday, he Clinton campaign saw fit to respond in detail to new conspiracy theories into which Trump has also breathed life about Hillary Clinton s health

As Dave Weigel reports

> It did so early Tuesday afternoon by sending reporters the text of "Fake Clinton Medical Records," a story at FactCheck.org. It dropped on Tuesday evening, with a lengthy rundown of the theories, links to sources that debunked them, and an official statement from Clinton s doc or Lisa Bardack, whose name appeared on forged "medical records" that had been spread online

Washington Post: Trump is terrible at debates (even though he won virtually all the debates). Mmmmmmk.

1) He's not very good at them

Yes, Tr mp won the Republican primary, which feat·red plenty of debates. But it was largely in spite of h·s lackluster debate performances. We even looked at his performan·es from the first few debates and found he generally lost ground after them, while his opponents gained.

This just leaked. Remember, election rigging is not a "conspiracy theory" if Russia is behind it.

Congress of the United States
House of Representatives
Washington, DC 20515

August 9, 2016

The Honorable Jim Sensenbrenner, Chairman
Subcommittee on Crime, Terrorism, Homeland Security, and Investigations
Committee on the Judiciary
[illegible] Rayburn H.O.B.
Washington, DC 20515

Dear Chairman Sensenbrenner:

We write regarding recent comments by presidential nominee Donald Trump that raise serious questions about his encouragement of cyberattacks against Americans and foreign influence in our presidential elections. We request that you hold a hearing to determine whether there are appropriate federal criminal statutes and federal court jurisdiction to address individuals acting on behalf of foreign actors to carry out cyberattacks against U.S. citizens and influence or manipulate our election process.

On July 27, 2016, Mr. Trump told reporters in Florida, "Russia, if you're listening, I hope you're able to find the 30,000 e-mails that are missing." This statement appears to [illegible] Russia carrying out cyberattacks on his political opponent Hillary Clinton, referring to e-mails she sent as U.S. Secretary of State. This troubling statement also is seen as prompting a foreign government to meddle in U.S. elections, which follows Russian attempts to influence elections in Europe in a similar manner.

As you know, federal criminal statutes bar negotiating with foreign countries against the interests of the United States as well as the unauthorized access of computer information affecting national security or foreign affairs. Based on Mr. Trump's statements, the Committee should examine the Logan Act, the Espionage Act, the Computer Fraud and Abuse Act, and other relevant laws to determine if appropriate federal criminal statutes and court jurisdiction exist to prevent individuals from conspiring with foreign governments to undermine our democracy and target American citizens.

We respectfully urge you to consider carefully this request considering Mr. Trump's continued access to classified intelligence briefings.

Feminists hate conservative women.

Wow, it takes a real piece of work to go after a candidate for their age when their own party's candidate is older. Trump looks like he's a couple of months, tops, from a massive stroke. Sex with his tranny wife would kill him.

They're covering up terror plots in Europe. I get these messages all the time.

> back from Germany, on business. I was got talking to some pilots about terrorism. One of them said that he was so surprised at the little security there was at the terminal, and went on to tell me that a few days ago an Islamist tried to break onto a runway of a nearby airport and hijack a plane. He was caught and it was revealed his plan was to hijack a plane, and crash it into London.

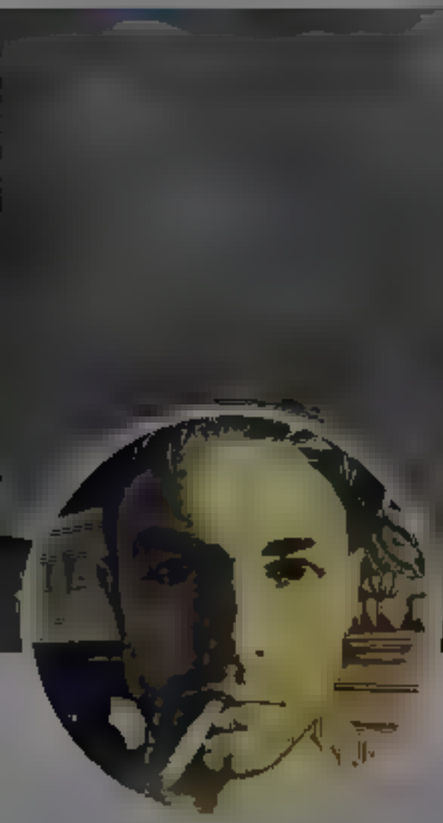
Reading @voxday's insightful book 'SJWs Always Lie' and was surprised to stumble across my own quote. 😂

Strategy 8: Punch back twice as hard.

This was the motto of the late Andrew Breitbart, and in his memory it has been adopted as a slogan by some of the more effective and combative individuals on the social media right, most notably Glenn Reynolds of Instapundit. It is a more succinct version of the Chicago Way advocated by Sean Connery in *The Untouchables*: "They pull a knife, you pull a gun. He sends one of yours to the hospital, you send one of his to the morgue."

SJWs are winning the cultural war because no one has been fighting them. No one has been resisting them. But now you know why you need to resist them. Now you know why you need to defeat them. And, most importantly, now you know how to do it.

For every sly little remark, speak back twice as hard. For every attempt at speech-policing, silence back twice as hard. For every attempt at isolation, shun back twice as hard. For every attempt to discredit, expose back twice as hard. For every attempted disemployment, fire back twice as hard. And for every lie, speak the truth twice as hard, twice as loud, and twice as long.



Show them no mercy because they do not believe in it and they do not deserve it.

The days of sitting on the fence and not opposing social justice warrior censorship because you don't agree with everything that [insert

Quran (2 191-193 "And kill them wherever you find them and turn them out from where they have turned you out

We will own your lands soon and when you have no means of defending yourself aga nst us Muslims Your words of hate towards s am will be meant with quick justice for your offensive crime against allah

Quran (3 56 - "As to those who reject faith will pun sh them with terrible agony in this world and n the Hereafter nor will they have anyone to help

And when our holy had comes and takes over

Quran (3 151) "Soon shall We cast terror into the hearts of the Unbelievers for that they joined compan ons with Allah

Peculiar pattern of deaths surrounds Clintons

New York — The first report by the White-Area special prosecutor Robert Fiske, was released on June 30. The main item reported was the mysterious death last summer of Vincent Foster, deputy counsel in the White House.

Fiske concluded that Foster died by his own hand on a northern Virginia park with no suspicious circumstances.

Yet, of the Foster matter has been held to rest for now the Whitewater mirage industry shifts on.

Jerry Falwell, a leader of the religious right, has lately been peddling videos containing veiled accusations of murder against the president. The fuss is crude and irresponsible, even people have

police report labeled a suicide. A gun was found next to the body resembling a .38 revolver.

Foreman's death came only five days after her co-lawsuit, Danny Ferguson, an Arkansas state trooper, was named as a co-defendant in Paula Jones's sexual-harassment suit against Bill Clinton.

On June 12 Bill Shelton, an Arkansas police officer was found dead — armed in Sherwood, Ark. — just sprawled on the grave of Mrs. Ferguson, who was his girlfriend at the time of her death. Again, a suicide note was found next to the body.

The police report, which again described the death as suicide, states that the bullet entered behind the right ear and came out behind the left ear.

On Sept. 15, 1993 Jerry Parks was killed while scenic bullets were pumped into him as a street corner in Little Rock, Ark. Parks had been the chief of security for Clinton's national campaign headquarters in Little Rock during the 1992 presidential campaign.

No autopsy report has yet been released nor has anybody been charged for what looked like a professional hit.

Parks's son, Gary says his father carried out private investigations on Bill Clinton during the 1980s. He also says that the material gathered was stolen from the family home in July 1992.

On June 28, 1992 Gary Johnson, a lawyer, was beaten up so badly that he had to have a reconstructive surgery removed. Johnson lived in Quapaw Towers, in Little

ster & Co., a Little Rock-based bankruptcy firm contracted by Bill Lassiter a big Clinton campaign contributor.

Strange Isle

Falwell has recently been in Washington, refusing his private jet to congressmen FBI agents assigned to Fiske's task force also went in vain to fly to Hopewell, Lassiter has also become part of Fiske's investigation.

All this may be a pack of rants piled up by overeager conspiracy theorists and ideological opponents of the president. But it remains strange.

The latest oddity occurred on June 23 when Stanley Heaphie, a 45-year-old personnel in a Memphis law firm, Rutgers & Associates,

We're being told by the left that a few iso ated examples of people being unfriend y to Musl ms on public transport represents a "hate crime explosion" sweeping the country.

Meanwhile, extremist Islamic preachers in British mosques are tell ng rad ca.ized Mus ims that having female sex slaves is permissible and that ISIS' "day of judgment is close"

Dear 'the left': No one is buying your shit.

"How Angela Merkel's open door immigration policy protects Germany from terrorism in the long run"

Well once Germany becomes an islamic country thanks to mass immigration and pitiful native birthrates, terrorism might decrease, since they will have their own caliphate in Germanistan.
Inshallah. Merkel is truly a genious

Authors like this are part of the problem. They just don't get it. Read the story of the frog and the scorpion by Aesop. 'We are scorpions, we sting because that is what we do.'

Multiculturalism working great in Germany.

> One of the nudists, a mother, claimed that the young Muslims told her "We [German] women are all sluts and they would exterminate all of us." The woman said the men all knew German quite well and at least some of them were likely second or third generation German Muslims "This contempt, this potential for aggression made me really afraid." she continued and according to other witnesses the men referred to the bathers as "infidels"

"Is there a single, defining feature to these attacks?" ponders the BBC. Before concluding NO. #NothingToDoWithIslam

With four attacks in southern Germany coming shortly after the mass murder of 84 people in Nice, counter-terrorism officials are struggling to detect a common thread. Is there a single, defining feature to these attacks that could offer clues on how to prevent more of them from happening?

On the surface, the answer would appear to be no. The truck driver in Nice was known to have had psychiatric problems and violent outbursts, yet he had a clear enough head to keep his plans hidden for months

#Anspach

Still the good thing is that the German authorities aren t jumping to any conclusions Here's Bavaria s Interior Minister quoted in the BBC article which has now had its headline changed to Ansbach explosion: Syrian asylum seeker blows himself up in Germany

> "We don't know if this man planned on suicide or if he had the intention of killing others," he said

Fair point It s the dilemma everyone goes through when contemplating suicide Do I overdose on pills? Or slit my wrists in a hot bath? Or hang myself? Or should I just take the simple painless option of going onto the internet, downloading a bombmaking manual assembling all the ingredients, stuffing them in a rucksack with lots of bits of metal to make sure I m really properly deaded, then heading towards the nearest music festival so that I can enjoy a few top choons in my final moments and perhaps share my personal tragedy with a few others...?

Thiel doesn't understand that the culture war is a continuation of communism (critical theory/cultural marxism).

"I don t pretend to agree with every plank in our party s platform. But fake culture wars only distract us from our economic decline," he said. "When I was a kid, the great debate was about how to defeat the Soviet Union. And we won. Now we are told that the great debate is about who gets to use which bathroom. This is a distraction from our real problems. Who cares?"

How the evisceration of authentic music & sub-culture drove kids into social justice warrior ghettos.

Paul Joseph Watson

[illegible]

Milo made a good point on the show today

People who grew up in the 90's were able to channel their adolescent self-loathing and anger through music.

Now there is no actual authentic music that can be considered rebellious in any way. teenagers are growing up listening to meaningless empty drivel like Selena Gomez and One Direction

Culture and fashion is also becoming extremely monotone and sterilized

Teens no longer have the means by which to diffuse their anger and alienation through music or sub-culture. so they turn to the ghetto of social justice warrior politics.

No group of people below the age of 30 should have any kind of power in politics or society. As a human being you know very little about the world and how it works until you hit your 30's.

These kids operate on the premise of the world as how they want it to be through the warped lens of SJW grievance politics. rather than how it objectively operates.

Adolescents need to experience that period of self-loathing and anger, instead of being told they are special snowflakes all the time. otherwise they never obtain any kind of perspective and never actually grow up

In summary. Rebellious sub-cultures that kept the kids occupied and enabled the adults in the room to take care of the real world have been eviscerated

This is what feminism did to modern dating.

I'm a Intersectional Feminist, Atheist, Secular Humanist (aka Literary Satanist), Queer/LGBTQ Ally. I'm a Sex Positive, Genderless, Shame Vanquishing, Kink Positive, Consent Nazi. I'm a Ethically Non-Monogamous, sometimes-Polyamorous/sometimes-Solo-Poly/sometimes-Relationship-Anarchist. I'm a gratitude enthusiast and Non-Violent Communicationagician. I'm a Bayesian Rationalist (the kind who thinks that emotions are super important, nay the real endgame).

Just ... uh ... trying to save people's time: again, I am polyamorous. That means I date more than one person. I don't only date long term, but it often turns out that way. Thankfully, I tend to like the people I sleep with so I find myself wanting to spend time with them again.

The FBI and CIA have informed the Joint Inquiry that, since the September 11 attacks, they are treating the Saudi issue seriously, but both still have only a limited understanding of the Saudi Government's ties to terrorist elements. French PM Valls was not worried about jihadists leaving & entering France because they were "fighting against Assad"

> For the time being, said Valls, there is no legal basis for arresting the European jihadists or barring them from leaving or entering France — but France is weighing draft legislation that would criminalize French citizens' links to terrorist groups like al-Qaeda and the affiliated al-Nusra Front, which have both been named on U.N. terrorism lists. "The fighters in Syria are not fighting France or Europe; they are fighting against the Assad regime," Valls said. "It's not against French law to fight in a war, but it is a crime to participate in a terrorist organization."

Ignore the Hysteria: Europe Can Live With Terror

Violence is mounting, but it is not nearly serious enough to push the economy over the edge. Europe should suggest Islamic State is past its peak

Running people over with trucks is a favored method of Islamists.

> ISIS mutants have been urging supporters to run westerners over with vehicles since 2014 when Abu Mohammed al Adnani, a spokesman for the Islamic State, urged the group's supporters to kill "disbelieving American or European — especially the spiteful and filthy French — or an Australian, or a Canadian, or any other disbeliever from the disbelievers waging war, including the citizens of the countries that entered into a coalition against the Islamic State — then rely upon Allah, and kill him in any manner or way, however it may be," he said in 2014. "Smash his head with a rock, or slaughter him with a knife, or run him over with your car, or throw him down from a high place, or choke him, or poison him."

Here's why Mike Pence is bad news.

While Trump has promised to build a wall, Pence has been savaged by respected conservatives like Pat Buchanan and Phyllis Schlafly for advocating "stealth amnesty" in the form of a guest worker program

While Trump has campaigned against job-killing foreign trade deals, Pence vehemently supports NAFTA, CAFTA, and the TPP

Pence voted for the Iraq war and opposed a withdrawal date even after it became apparent that U.S. involvement in the country was a disastrous policy

Pence once advocated "conversion therapy" for homosexuals. This will be exploited by the left to portray Pence as intolerant and bigoted, turning off many Bernie Sanders supporters who might have voted for Trump, as well as gays who were thinking about voting for Trump in the aftermath of the Orlando massacre.

Pence is not a woman. Picking a female would have completely neutralized Hillary Clinton's sole campaign platform, one bolstered by the media, which is the fact that Hillary has a vagina.

Hopefully, the Pence leak is just the Trump campaign testing the waters before a final call is made

Yet ANOTHER mass molestation of women by Muslim migrants.

Yet AGAIN, leftists blame all men

Feminists - Your dreaded fear of being called "racist" for criticizing a REAL rape culture is NOT going to protect women from being raped

This is a continent-wide crisis. If you really stand for women's rights you must speak out on this, not make excuses for it and call anyone who is concerned about it "Islamophobic".

After Dallas, conservatives rebel against the Drudge Report

"BLACK LIVES KILL."

Those were the three words that blared across the Drudge Report early Friday morning after five Dallas police officers were killed in a horrific ambush attack.

And immediately upon seeing the race-baiting headline, conservatives rebelled against a once reliable ally who has become more and more divisive to them over the course of the 2016 campaign.

Drudge Report founder Matt Drudge.

"In moments like these, we should do the opposite of what Drudge is doing," Commentary Magazine Editor Noah Rothman wrote on Twitter.

Guardianista triggered by my objective reality, worships Sarkeesian's oppression obsession. theguardian.com/film/2016/jul/

. .

> Beneath the absurdity of its subject matter, the piece distilled a simple truth: nostalgia is bittersweet. For some, it's tempting to overlook the Fat Controller's cruelty and declare that the golden era of children's television really is the one that happens to coincide with your own childhood. One of my all-time favourite YouTube videos, for example, sees a self-proclaimed rationalist named Paul Joseph Watson arguing (and you may want to sit down for this) that popular music was better in his day. "This isn't a matter of taste or subjective opinion", he explains, "it's an objectively provable fact." Going on to cite a number of scientific studies, he makes a supposedly empirical case against Beyoncé, Lady Gaga and a range of other modern artists he happens not to like
>
> That's the simple approach. It's a lot more difficult, but infinitely more rewarding, to embrace the dichotomous nature of nostalgia, and learn from its contradictions. Video game critic Anita Sarkeesian is just one example. She routinely enrages a certain subset of gamers with straightforward feminist analyses of beloved classics such as Ms Pac-Man and The Legend Of Zelda, while reminding deaf ears that "it is possible, and even necessary, to simultaneously enjoy media while also being critical of its more problematic or pernicious aspects"

Petition To Recognize #BlackLivesMatter As A Terrorist Organization Gets 85,000+ Signatures. infowars.com/petition-to-re ..

Formally recognize Black Lives Matter as a terrorist organization.

Created by P.S. on July 11, 2016

Terrorism is defined as "the use of violence and intimidation in pursuit of political aims". This definition is the same definition used to declare ISIS and other groups as terrorist organizations. Black Lives Matter has earned this title due to its actions in Ferguson, Baltimore, and even as a Bernie Sanders rally, as well as all over the United States and Canada. It is time for the petitioners to be consistent in its actions and just as they rightfully declared ISIS a terror group they must declare Black Lives Matter a terror group on the grounds of principle, integrity, morality, and safety.

Don't Blame Black Lives Matter For The Deaths Of Dallas Cops

Black Lives Matter advocates equality, justice and freedom. Not Murder

Jilly Parkhen

Five cops were killed on Thursday night at a Black Lives Matter rally in Dallas Texas by snipers who targeted officers in an ambush-style attack. Seven other cops were shot as were two civilians, according to the Associated Press. One suspect died in a standoff with police, and three other suspects are in police custody

No precedent?

In December 1996, Director John Deutch resigned after it was discovered that he had stored highly classified documents on his home computer, which was connected to the Internet.

After a criminal investigation, Deutch agreed to plead guilty to a misdemeanor and pay a $5,000 fine. But before the prosecutors could file the papers in federal court, President Bill Clinton pardoned him on his last day in office.

ISIS members say terror cells move freely throughout Europe.

Abrini said the terror cell moved freely through Europe. "You know, an international arrest warrant, to be sought [by the police], that doesn't change anything," he claimed. "I passed every day in front of soldiers, policemen. Not with a covered face, but with a cap."

He added. "Security at the borders can never protect anyone. It's just the politicians who want to delude people that they protect them, but there is usually no security. It has never been real."

shock and to cross cultural boundaries—after all, everybody poops. Conservatives are afraid to talk in these terms, and that's one reason why they lose young people in particular.

As it stands, the Frankfurt School–taught left is fighting the political battle on both the political and the cultural battlefields. Conservatives are fighting it only on the political battlefield. Generations have never experienced an epoch of innately beautiful art.

ies were problematic because they appealed to the masses but television and the movies were catering to the public tastes, they were shaping them, Adorno argued. Popular art and culture had destroyed true art, which is always used for revolutionary purposes, he said." All popular art therefore had to be criticized as a symptom of the capitalist system. All art had to be torn down. Performance art and modern art found their philosophical foundation in Adorno. The long line stretching from *Piss Christ* to Karen Finley smearing herself with feces to Susan Sarandon celebrating being hit with transsexual projectile vomit all had its roots with Adorno.

This nihilistic influence in art, reinforcing the destruction of cultural norms, means that many grown adults have never experienced an epoch in which the transcendent and the innately beautiful have been celebrated as the artistic ideal. And it all started because a Rat Pack of Nazi-fleeing depressives couldn't appreciate

The media's bullshit claim that #VoteLeave supporters have "buyer's remorse" is completely disproven. #Brex t

Poll results suggest the claim that Leave voters have "buyer s remorse", which has been echoed across the inter national med a on scant evidence, is false. In fact, so far surveys have reliably shown the opposite. More Remain voters are pleased with the result to leave the EU than Brex t vo ers are unhappy.

A poll for ComRes found that of Remain voters, four per cent are happy with the referendum s outcome while 88 per cent are unhappy. Of Leave voters, 92 per cent are happy that Brexit won while only one per cent are unhappy.

LONDONERS' REACTIONS IN THE IMMEDIATE AFTERMATH OF BREXIT: "YOU'RE AN OLD RACIST FOR VOTING OUT!!!"

I voted out, I'm 27 and I live in London. I don't own anything with a Union Jack on it, even though I grew up in a council house and have working class parents. I studied politics and economics for 5 years at Queen Mary and the LSE, so I'm not 'uneducated'. I don't hold the same views as these institutions, I don't belong to any 'isms', nor do I identify with left or right: I don't watch mainstream news, so I don't feel the need to put myself in any of these boxes. I am not a nihilist either, I'm a freethinking individual who wants peace and harmony for all human beings on this planet.

#Brexit

1) Cal every white person who voted Leave a "racist" ignoring the fact that Europeans are also white Make sure you ignore and marginal se ethnic minority leave voters

2) Cla m that the (huge) turnout wasn't high enough 72%? It should have been at least 75%! 80%? It should have been 85%! Make sure to keep moving the goa posts

3) Make a stupid e-petition demand ng another referendum just like the soc alists did when Labour lost last year We need to keep having referendums unti we get the "right" result

4) Get over-exc ted about the economy. even if the impact has been pretty boring and mundane. Pretend that your 2 2 In English Literature makes you an expert on currency markets

5) Attack the very idea of Democracy because it's on y a good thing when it goes the way you want it to Working class voters don't know what's good for them but m dd e class libera s definite y do.

6) Share memes bashing Brexit ignoring the unwelcome and uncomfortable real sation that you are n the minority of pub ic op nion

7) Bold y cla m that Scotland will leave the UK. forgetting that A) they can't afford to B) the EJ can't afford to take them C) 1 6m remain votes don't cancel out 2m NO votes

8) Make fun of Boris Johnson while sweating slightly and rea ly hoping he doesn't become Pr.me Min ster

9) Learn absolutely nothing from the campa.gn blaming the result on everyone bu t.vo irself Scaremongering and bullying are clearly the best

The sky isn't falling after all. Imagine my shock. #Brexit

Suzanne Evans UKIP

A Prime Minister resigned. The £ plummeted. The FTSE 100 lost significant ground. But then the £ rallied past February levels, and the FTSE closed on a weekly high. 2.4% up on last Friday, its best performance in 4 months. President Obama decided we wouldn't be at the 'back of the queue' after all, and that our 'special relationship' was still strong. The French President confirmed the Le Touquet agreement would stay in place. The President of the European Commission stated Brexit negotiations would be 'orderly' and stressed the UK would continue to be a 'close partner' of the EU. A big bank denied reports it would shift 2,000 staff overseas. The CBI, vehemently anti-Brexit during the referendum campaign, stated British business was resilient and would adapt. Several countries outside the EU stated they wished to begin bilateral trade talks with the UK immediately. If this was the predicted apocalypse, well, it was a very British one. It was all over by teatime. Not a bad first day of freedom

Cameron to resign?

03:25 The Telegraph reports...

> The Labour party is now working on the assumption that leave will win, according to party source. The view in Labour HQ is that, if Britain does vote to leave, Jeremy Corbyn should call upon David Cameron to resign, but senior figures believe that that may prove unnecessary because Cameron may announce his departure of his own accord

Amazing.

'Biggest uprising since Peasants Revolt in 1381'

Our chief political correspondent Christopher Hope puts the referendum into historical context.

The 2016 EU referendum is set to the biggest uprising against the people who run the UK since the Peasants Revolt in 1381.

Britain's bosses, politicians, church leaders, sports stars, bankers, economists and celebrities told the people to vote to Remain in the UK.

And (by the look of it now) the people sent back a massive V sign. Democracy indeed.

This. a t-market com/articles/2931- ... #Brexit

If the Brexit succeeds, the globalists can allow the market sys·ems they have been inflating for years to final y crash. They can then then blame those dastardly "far-Right extremists" in the U K for triggering a domino effect within the globa financial system, conveniently scapegoat ng British conservatives, moderates and sovereigns for a breakdown that was going to happen eventually anyway. Sneering elitists always live in the whitest areas possible & have no idea how immigration impacts normal people.

> *"There will be lots and lots of immigration: bad luck if you don't like that... This is not the fault of the EU... Deal with it. Immigration will never stop... Just vote remain. It's boring, there's nothing awesome about it, but sometimes you have to take a break from useful productive work to stop idiots breaking things."*

I am thankful for all the offers to meet me since I opened up DMs, but I try to leave the apartment as little as possible. 👌
